## ABOUT ME

A pro-active young person who thrives for improvement.

I rejoice insightful interactions and constructive criticism.

I am a massive football fan and support my local club Caldas SC.

In the long run I see myself running my own business, sharing knowledge and living abroad.

## SKILLS

Motivated, willing to learn and adapt.  
Leader qualities. Proactive.

My best framework is React JS (Hooks, redux,...).  
Experience with Windows, Linux's distributions.  
Experience with databases, Java, Python, C# and testing.

Native in Portuguese.  
Advanced level in English (C1 - Cambridge certified).  
Basic level in Spanish, Polish and French.

# PEDRO FONSECA

## FRONT END WEB DEVELOPER

### WORKING EXPERIENCE

**KWAN | Front End Web Developer | 2021/02-Present**

**Project: Email management platform**

- Worked with React Hooks, Redux and Node JS.
- The team was small and the responsibility was higher for each member.

**Project: eSourcing project**

- Worked with React Hooks, Redux and TypeScript.
- New developments, fixing bugs, refactoring translation mechanisms and jumpstarting Jest testing on the product.

**DELOITTE | Full Stack Developer | 2020/02-2021/02**

**Project: Insurance industry project**

- Improved my soft skills as a professional.
- Worked with SQL and .NET on the Back End.
- Worked with ExtJS and XML on the Front End.

**CRITICAL SOFTWARE | Summer Intern | 2019**

- Got my first hands-on experience in a well-reputed company.
- Held insightful direct contact with skilled professionals and different teams.
- Part of a selection of five interns from dozens of candidates.
- Worked in different projects with technologies like C, Java, Spring, React JS, Docker and learned about project management.

### STUDIES

**EDIT | Front End Development Course | 2019**

- Improved my HTML, CSS, JavaScript, SASS and ReactJS.
- Learned directly from experienced professionals.

**Project: A Chave da Cidade**

App for Centro Cultural de Belém.  
Digitalization process of a brand.  
Worked closely with UIUX and Marketing teams.  
Developed a disruptive show-case website.

**POLIT. ŁÓDZKA | Erasmus+ Program | 2018-19**

- Developed leader and conversational skills.
- Learned how to adapt to completely new environments.
- Obtained A1 level in Polish.

**UNIV. AVEIRO | Degree in Computer Science | 2016-20**

- One of the best engineering schools in Portugal.
- Demanding department (DETI).
- Collaborated in many solo and team projects.

**Project: Loggy, a visualization tool for lifelogging**

- A platform for dementia patients and time management junkies.
- Worked with HTML, CSS, JS, Python, Django and APIs.

### PROJECTS

**AS RAPARIGAS DO CÓDIGO | Mentor | 2020-Present**
